Profile

A highly optimistic and results-driven Fullstack Developer with extensive experience as a contractor and freelancer. Proven ability to lead teams, build companies, and tackle complex challenges without hesitation. Passionately committed to leveraging technology to contribute significantly to national development.

Professional Experience

Fullstack Developer

SMAHILE HUB

04/2025

Remote

- Developed and delivered responsive WordPress sites for clients from Figma designs.
- Led a team of four developers in building a React Native application for locating fuel stations.
- Collaborated effectively in a remote environment to meet project deadlines and client requirements.

Founder / AI Developer

Dovekings

2023 - Present

Nigeria

- Founded the business, initially creating single-page websites for local businesses.
- Evolved the company to focus on AI integration and automation solutions for clients.
- Currently manage all business operations, client acquisition, and project delivery.

Freelance Web Developer

OTK INDUSTRIES NIGERIA LIMITED

2021

Nigeria

- Engineered an AI-powered educational website to assist students with their studies.
- Initially built the platform on WordPress and later re-architected and rebuilt it using Next.js for improved performance and scalability.

Selected Projects

As part of the "Seen" initiative, I developed standout websites for various businesses to enhance their online presence.

- Hydrochill:** A modern, responsive website for a local service business.
- Alpine Tech HVAC:** A professional corporate site for an HVAC company.
- Patrick:** A sleek portfolio website for a professional individual.
